Exchange /Volunteer

Exchange in Ireland remarkable experience in 2018/2019 that transformed my personal and professional career. Cultural immersion, learning a new language and expanding my network of contacts were significant achievements. I volunteered at "Brasil Palhaço", bringing joy and comfort to hospitalized patients through clowning.

Isabele Carvalho

UX/UI Design | Android Development | Kotlin

I'm a curious professional who loves to learn and is always looking for new challenges. I'm a Graphic Designer with over 10 years' experience, transitioning to UX/UI Development and Android programming with Kotlin. Currently in practical training at CESAE Digital (UX/UI) and DevSpace (Kotlin). If you're looking for someone with the energy to grow and innovate together with your team, I'm the right person!
